SECURITY DIALOGUE OVERVIEW

- What kinds of security incidents could happen in you daily work?
- Write down as many ideas as you can (5 min)

- Group discussions: Share your ideas in small groups (3-4 persons)
- Prepare a presentation for the whole group (10-15 min)

- Groups present their ideas to the whole group (5 min / group)
- Common discussion: Agree what kinds of actions we shall take

Personal views on security

- What kinds of security issues / incidents could happen in you daily work?
- What about in your team / business unit?

Guidelines: Write down as many ideas as you can
Timeslot: 5 minutes

Group discussion on security

- Share your ideas in your group
- Discuss actions you could take to improve the situation

Guidelines: Prepare a summary of discussion in small groups of **3–4 persons** and select a person to present your ideas to the whole group
Timeslot: 10-15 minutes

Joint summary on security

- Group presentations
- Discuss actions which would be most beneficial (personal / security team)
- Everyone selects one concrete action

Guidelines: Small groups present their ideas, others give comments and facilitator summarizes actions from open discussion
Timeslot: 5 minutes / group + 10-20 minutes for common discussion and summary of actions

SECURITY DIALOGUE TIPS FOR THE FACILITATOR

You can also collect answers beforehand by using Forms or similar tools and summarise common topic areas to feed the discussion.

If you are using break-out rooms, remember that presentations don't follow there. Guide people to take screenshots. You can also feed the discussion by public announcements to the rooms.

You can increase the commitment by collecting the selected actions using Forms or similar tools. Remember also to ask, what you can do to help in solving the identified security problems.
